very singular case has been disposed of by Milwaukee by Judge Small of the circuit court. Mr. Frank B. Van Valkenburg, a well-known attorney of that city, was charged with altering the records of the court whereby he would receive the benefit. When the alterations were discovered and were charged against him, he denied knowing anything of the matter, but afterwards made a confession. He was taken before Judge Small after being reprimanded by the court, fined \$300. Mr. Van Valkenburg might think the judgment pretty severe, and of taking an appeal, but probably not. His actions have been exceedingly

Alpha M. Hodge, of Battle Creek, Mich., writes May 16, 1878: "I upset a kettle of boiling hot water on my head, inflicting a very severe scald. I tried Dr. Thomas' Electric Oil, and to my great pleasure in announcing to you the effect was to allay pain and prevent blistering. I was cured in three days. We prize it very highly as a family medicine."

erson, April 15—A monster lumber corporation, formed for the purpose of insulating a general lumbering business on the Chippewa river, has been organized. The capital stock is \$800,000, and the incorporators are Orrin H. Ingersoll, Wm. P. Tearse and Clarence Chamberlin. The name of the new corporation is the Chippewa Lumbering Company of Eau Claire, Wis., and its headquarters are at the city of Eau Claire.

is a curious thing, remarks the *Small Gazette*, that those of the most massive words in the English language had been introduced to it, if not by men, at least by men belonging by descent or descent to the west of Ireland. "To Burke," "to Lynch," and "Boycott" have all taken their places, and exactly in classical literature, at least in the vernacular of the English-speaking race all over the world. It is as little dispute as to the identity of the Mr. Burke whose name became a synonym for murder as to that of the Mr. Lynch, where there is some doubt who was the original Mr. Lynch. There have been several Lynches remarkable for taking the law into their own hands. A Virginian farmer of that name who flogged a thief with his own hands has probably no claim to the name ascribed to him by a doubtful tradition. The claims of Judge Lynch, who was sent out to suppress piracy in the Florida waters in 1687-8, are more substantial. The genuine aboriginal Lynch is said to have been Mayor of Calcutta at the close of the fifteenth century, and to have made his name famous by hanging out with his own hands out of an arched window in execution of a death sentence passed upon him for robbery.

## BRIEF FACTS.

—Easter to-morrow.

—Bring out the new bonnets.

—Judge Cassoday is at home to-day.

—Consul Frank Leland, of Hamilton, Ont., is in the city.

—The river is rising rapidly, but with no signs of doing damage.

—Mrs. S. J. M. Putnam is still quite ill with pleuro-pneumonia.

—Miss Kittie Nolan, of Mendota, is spending a week visiting her home in this city.

—Frank Gibson, general agent of the Ben Cotton dramatic company, is in the city to-day.

—This morning Stanley Vesser had his breast quite badly scalded by steam at the cotton factory.

—There are to-day fourteen prisoners at work on the streets, all in fact of those sentenced to hard labor.

—A daughter of Richard Barry lost a finger tip in the machinery at the cotton factory night before last.

—The First Methodist church folk have their quarterly conference next Monday evening at 7:30 o'clock.

—Dr. Carey, of Beloit, is quite dangerously ill. Dr. Clittenden, of this city was called there to see him yesterday.

—The store next to H. A. Smith's is being refitted, preparatory to occupancy by a stock of millinery and 99 cent goods.

—The funeral services of Mrs. Stephen Toole were held this afternoon at St. Patrick's church, and were very largely attended.

—The examination of Harvey P. Main for stabbing Pat Collins, has been adjourned until next Tuesday afternoon at 3 o'clock.

—This is the warmest day here since the 9th day of November, and there have not been but few so warm since early in October last.

—Next Monday evening the old City Council will hold its last meeting, and on Tuesday the newly elected city fathers and officers step into position.

—Sheriff Skavlen to-day got the needed official order to take young Moran to the hospital at Madison, and will take him there Monday or Tuesday.

—The auction sale of the county lots, ordered sold by the county supervisors has netted \$538.75, which amount was this morning placed in the treasury.

—The Board of Education met last evening but made no appointments of teachers for the next term, leaving that to the consideration of the new Board.

—The remains of H. L. Smith, who died at Jacksonville, Ill., reached here yesterday, and were taken at once from the depot to the cemetery for interment.

—A number of the wooden awnings are to come down this spring, and it would be well if all of them were. The main streets will look far better without any.

—At a meeting of the Rock County Agricultural Society this afternoon it was decided to hold a fair here, commencing Tuesday Sept. 13, and holding four days.

—Next Tuesday evening is the time set for the inspection and social of the Guards, and Cannon's hall is the place. It promises to be an enjoyable and interesting occasion.

—Charles Penniman, who has been spending several days in the city looking after the interests of Damon, the Madison gailor, left this afternoon for Jefferson on a like mission.

—Charlie Lord has rented the store next to James Clark's, formerly occupied by the Russell sisters, and proposes to put in a stock of fishing tackle, sportsmen's goods, etc.

—Judge W. F. Bick, who is to give a series of fine entertainments at Lappin's Music Hall, next week, has given 220 entertainments at Boston and 90 at Chicago, always with unbounded success.

—The sale of tickets for reserved seats at Judge Bick's fine art entertainments, opened at King's book store to-day, and judging by the demand, Lappin's Music hall will be crowded on Monday night.

—Ed. Rogers, who now sells shirts for Keeps, has dropped in among his old Janesville friends, and the old customers of the house he represents. He is gathering in orders at a lively rate for all articles in his line.

—E. T. Foote, the clothier, in another column says "you're another," but you needn't get mad about it. He's harmless, and only means to catch your attention while he talks to you about good clothing and cheap prices.

—H. S. Hogoboom, who is on his Minnesota lands, writes that last week the thermometer stood eight degrees below zero, and this week opened up at two degrees below, and there are still big snow drifts to be melted.

—The Jersey bull, which caused such a panic at Milton the other day, is said to be doomed to death, the owner, Ezra Goodrich, having decided that he will

not jeopardize human safety and life by allowing his royal ugliness to live.

—Some disturbance was temporarily caused among the telephonic wires to-day, by their necessary change to a stronger and higher brace or arm, near the central office. It is a needed and permanent improvement, and will pay for the annoyance caused.

—The Concordia society have their dance at their hall next Monday evening.

Those who want to share in the good time will have to get their tickets from some member, as no tickets will be sold at the door. Good music, good everything for a good time.

—County Clerk Morgan to-day settled the fuel bill for the county jail. It's been a hard winter on fuel, and the jail has burned fully thirty-five tons of coal and during the past year 45 cords of wood beside.

The county building has burned from forty to forty-five tons and some twenty-five cords of wood.

—The Guards have received an invitation to attend a basket-picnic of the Macon, Georgia, Volunteers, to be held April 23. They probably won't accept, though a basket picnic is a big temptation. They don't hold them any more in this part of the country. The climate don't agree with them.

—George T. Prichard has just received some fancy gas fixtures, chandeliers, globes, etc., of the latest patterns and most beautiful finish. Some of them are decidedly unique, and all of them are pleasing. He seems determined to keep up with the times, and furnish his customers with the latest and the best.

—The pipe organ of Trinity church, which is being rebuilt at the factory, has not arrived as expected, much to the regret of those interested in the musical part of the Easter service there. It is expected that it will be here next week, however, and the promise is that it will be one of the finest of its size in the State.

—Next week's evenings will be crowded with dances and entertainments. Judge Bick's entertainment four evenings; old folk concert and Concordia dance Monday evening; Tuesday evening, the Guards' party and a temperance social at Mrs. C. T. Wright's; Wednesday evening the children's masquerade; Dillon on Friday evening, etc.

—Mrs. Day will read at the Old Folk concert Monday night, at the Congregational church. Many new attractions will be added, new solos, quartettes, and new costumes. Miss Holdredge will by request repeat her readings of the last concert. The stage will be enlarged and the costumes of a hundred years ago will be shown off to the best advantage. Popular prices, 25 cents.

—It may not be generally believed, but it is none the less true, that the milliners in arranging the trimming of a new bonnet always ascertain from the customer which side of the church she sits upon, so that the finest feathers and the brightest ribbons may be put where they will do the most good and show the best.

Church ushers who desire to be popular, should look at the lady's bonnet before giving her a seat, if she has no regular sitting, and then judge by the trimming which side of the church she would prefer.

—The examination of Van Wert and Griffith still drags along, the evidence not being all in yet, but evidently nearing its close, and as Justice Brooks steps out of office at 12 o'clock Monday night, it will be decided before that hour.

The testimony is very conflicting, and has many strange and puzzling points to be decided. The scuffle on the school grounds, by which it is claimed that young Handlon was injured so that he afterwards died, seems to have been seen only by only one witness, a brother of the deceased, and the defendants and others deny that anything of the kind occurred. On the other hand again is the dying declaration of the deceased boy, reduced to writing, avowing that such a scuffle did occur, and that he was injured in the manner described, and the statement made in the realization of approaching death. There also arises the question as to whether, even if there was such a scuffle, or such an injury, it was the cause of death or whether a cut which the boy accidentally received on the foot and which became poisoned by wearing a rubber boot was the cause. In fact, as it now appears, there is quite a mix-up in the testimony.

Full Dress Inspection and Exhibition Drill by the Janesville Guards at Cannon's hall Tuesday night at 8 o'clock. Friends of the Guards invited. The Drill will be followed by a dance. Music by Anderson's orchestra. Dancing badges can be procured of the committee for 50c. No charge for admission to the hall.

## Fraud.

Tens of thousands of dollars are squandered yearly upon traveling Quacks, who go from town to town professing to cure all the ills that our poor humanity is heir to, why will not the public learn common sense and if they are suffering from Dyspepsia or Liver complaint, invest a dollar in Spring Blossom, sold by all druggists and endorsed by the faculty, see testimonials. Prices: \$1, 50c., and trial bottles 10c.

## A NOVEL FILTER.

We notice at Hanchett & Sheldon's hardware store a novel kind of a water filter, which seems to have superior advantages. Instead of the water merely trickling down through a filtering bed of charcoal, etc., and being drawn off at the bottom, this is so constructed that the water, placed in a reservoir at the top, is conducted to the lower reservoir, where the worst sediment and impurities are retained, and then it percolates slowly upward through the filtering bed to a reservoir near the top from which it can be drawn off for use.

Other filters seem in comparison but more strainers. This cleanses the water thoroughly. Another great advantage is that it is self cleansing. A water gate is placed at the bottom, connecting with the lower reservoir, and by opening this all the sediment and impurities can be drawn off, and the filtering bed instead

of becoming impregnated with impurities is kept constantly clean. It is manufactured by the United States Filter company, Milwaukee, and is justly called Cook's improved self-cleansing filter, the inventor being Col. J. D. Cook, civil and sanitary engineer, of Toledo.

## JUDGE BICK AND THE CHILDREN.

To the Editor.

As one of those mistakes which sometimes occur in the best regulated printing offices, some of the circulars sent out in regard to the matinee to be given for the little folk by Judge Bick, at Lappin's Music hall next Wednesday afternoon, make a mis-statement in regard to the price of admission. The price is given correctly in the advertisement in your columns.

## Burnett's Cocaine for the Loss of Hair.

CHICAGO, Oct. 11, 1880.

Three years ago my hair was coming out very fast, and I was nearly bald. I was also troubled with dandruff. I began using BURNETT'S COCAINE, and my hair immediately stopped coming out, and has constantly been getting thicker. My head is now entirely free from dandruff. My wife has used the COCAINE with equally gratifying results.
